Chorus

A dream
A simple fantasy
That I
Wish was reality
That you
Come knocking at my door
And we
Relive this dream once more
Verse 1

Last night I dreamed
That you were here with me
And we were in each other's arms
It was oh so heavenly
Verse 2

You held me close to you
And whispered in my ear
Let's spend the night together
Sharing love beyond the bed
Verse 3

As we danced to the melody
We had so much to share
And the music stopped
In a flash I was all alone
It was just a dream
Haunting me once again
Chorus

Verse 4

The day you left
You said you would return
Just when couldn't promise
That you needed some time alone
Verse 5

You said you'd love me

And someday our love would be
I couldn't understand it
I thought we were both happy
Verse 6

As we danced to the melody
We had so much to share
Then the music stopped
In a flash
I was all alone
It was just a dream
Haunting me once again, oh
