Sometimes I know that it's never enough
Survival is fine but satisfaction is rough
I try with an angel tonight
Spread these wings and I'm on for the ride
Cruise these streets where my innocence hides
There's some things you can't deny
What is it about this human condition
I need some kind of promise
Some kind of submission tonight

Heavy
Ain't it heavy
Ain't the night heavy

I'm feelin' kinda loose I'm feelin' kinda mean
I've been feeling kinda wild since I turned seventeen
Or is it madness
Tell me where can a woman find any kind of peace
When does the fury and the agony cease
How long have I got to say please
There's a hole in my jeans I only wanted to fade
I've been ripping out seams
Somebody else made tonight

Heavy
Ain't it heavy
Ain't the night heavy
