Oh hey oh hey oh
Hey oh hey oh
Oh hey oh hey oh
Hey oh hey oh

Let me into your world
I wanna feel the magic
Let me into your world
I wanna get the static
Oh-uh-oh let's dance the night away
Oh-uh-oh in a silent masquerade

Alacazam, Alacazam
I know that you want it
And I know that I can
Alacazam, Alacazam
Just give me the magic
Wanna do it again
Do it again, do it again with me

Let me into your mind
I wanna see the vision
Let me into your soul
I wanna feel the religion
Oh-uh-oh let's dance the night away
Oh-uh-oh in a silent masquerade

Alacazam... Alacazam...
Fascination... fascination...
.... come inside

Let me into your world
Let's dance the night away
Let me into your mind
Inside a masquerade
