You have me burnin' up  
With your bad timing  
One small moment  
I'm lost in your love

I'm lost and innocent  
Turn my head around  
Your one liners  
I can do without

B-Section:  
Easy come, easy go  
I can't back down baby  
I should have let you know that

Chorus:  
I would do anything for you  
Anything for you  
If I only had you by my side  
I would do anything for you  
Anything for you  
So wave goodbye  
Anything for you

One day comes  
And I disappear  
You'll get your independence  
Free and clear

Ah, you got it in you  
A chance to make it work  
Your heart will keep on beating  
And I'll still hurt
