No matter what you do  
Now it's too late  
You may not understand  
But this is your fate  
Can't you see what you do to me  
Are you really so blind

Get out of my way  
Just leave me alone  
This is what I want

I'm better off alone tonight  
I'll be no longer by your side  
Whouhoho, I'm back on my feet again  
You better close the door and go  
Don't tell me that you miss me so  
Whouhoho, I'm back on my feet again

I don't belong to you  
We are apart  
You may not understand  
But I don't want your heart  
You can get with somebody else  
I don't care what you do

Don't even call  
Just leave me alone  
This is what I want

You think that I'm lonely  
But I know it's better without you  
You're not the only  
And I'm not looking for someone like you
