If I fall along the way  
Pick me up and dust me off  
And if I get too tired to make it  
Be my breath so I can walk

If I need some other love  
Give me more than I can stand  
And when my smile gets old and faded  
Wait around I'll smile again

Shouldn't be so complicated  
Just hold me and then  
Just hold me again

Can you help me I'm bent  
I'm so scared that I'll never  
Get put back together

You're breaking me in  
And this is how we will end  
With you and me bent

If I couldn't sleep could you sleep  
Could you paint me better off  
Could you sympathize with my needs  
I know you think I need a lot

I started out clean but I'm jaded  
Just phoning it in  
Just breaking the skin

Can you help me I'm bent  
I'm so scared that I'll never  
Get put back together

You're breaking me in  
And this is how we will end  
With you and me bent

Start bending me  
It's never enough

I feel all your pieces

Start bending me  
Keep bending me until I'm completely broken in

Shouldn't be so complicated  
Just touch me and then  
Just touch me again

Can you help me I'm bent  
I'm so scared that I'll never  
Get put back together

You're breaking me in  
And this is how we will end  
With you and me bent

Can you help me I'm bent  
I'm so scared that I'll never  
Get put back together

You're breaking me in  
And this is how we will end  
With you and me bent
