So go-go music is party music...

Slice 'em on up

Slice 'em on up

Slice 'em on up

Slice 'em on up

I'm gonna wind ya up

Let me wind ya up

I'm gonna wind ya up

Let me wind ya up

All the shorties in the house

Gonna wind ya up

Gonna wind ya up

Now

Let me wind ya up

Let me wind ya up

Said she was about seventeen

Ooh

Just young and fine

She had the kind of Kisses

That make you sad

She liked to flirt with me

Then act like she didn't know me

When her friends came around

But I didn't mind

'Cause when her friends weren't around

Shorty and I

We'd hang out real tight

Just sit up and

Talk

But one night

She wanted to see

Just how far

It could go

Just how far

I would go

Hahaha

Oh yeah
She couldn't Love me without shame
She only wanted me for one thing
But you can teach your boy to do that
Yeah
Can you love me without shame?
I need you when I feel pain
And now
You like to mess around

I said ooh, baby babe
Baby baby
Trying to get up in your thing
I said ooh, baby babe
Baby baby
So young and sweet thing

Now word had been gettin' around town
That shorty and I was
A little bit more than just friends
And see
She really wasn't feelin' that
So she stopped calling me
Then one day I ran into her
She was hanging out with this young boy
That liked to take her out and buy her things
Yeah
And you know how we like material things
Yeah

Then she walked over
Licked her lips
And whispered in my ear
And she said,
You know I've missed you baby
Uh
I said, cool
I said, tell me
Tell me
What do you miss?
She said,
Can't nobody eat my pussy
The way that you do

She couldn't love me without shame
She only wanted me for one thing
But you should teach your boy to do that
Can you love me without shame?
I need you when I feel pain
But now
You like to fuck around

You like to fuck around
And now you don't come around
No more

Can you love me without shame?
You only want me for one thing
You know what?
You should teach your boy
To do that

Drop
Yeah
I wanna slice it up

See
Yes I love you
Yes I love you
You're so fine
So sweet
You're so
Fine
So sweet
You're so fine
So sweet.

When I play, I watch the crowd. I watch the women.
