Since that day I left
Everything's the same
I'm trying to forget
All the hurt and pain

I know that you say
I'm the one with all the problems
I know that you say
I'm not fair to you
But what did you expect me to do

I can't, I can't forget the past
It's just too much to ask for
I can't believe you chose her over me
My mind tells me to be strong
I'm trying to move on
But all I see is what we used to be

Da Dabâ€¦â€¦â€¦

Guess who said "hello"
When I called your home
I guess you didn't know
That I was on the phone

I know that you say
We're supposed to be together
You know that I say
How can you stay
Leave her, just walk away
Before it's too late
