Well I will do without
The spaces in between
If you can tell me now
What it means to be
You have been found out
I have been deceived
By the one that I need
Tell me why you gotta be so cold
How'd you get so high
Why you keeping me low
You don't know, you don't know
Tell me how we're gonna make it last
You're ready to fly
I'm ready to crash
Don't go, don't go, no
You will go without
The better part of me
There will be no doubt
What this all could mean
You will be found out
I cannot believe
In the one that I need
Tell me why you gotta be so cold
How'd you get so high
Why you keeing me low
You don't know, you don't know, you don't know
Tell me how we're gonn make it last
You're ready to fly
I'm ready to crash
Dont' go, don't go away
Tell me why you gotta be so cold
How'd you get so high
Why you keeping me low
You don't know, you don't know, don't know
And tell me how we're gonna make it last
You're ready to fly
I'm ready to crash
Don't go, don't go
Tell me why you gotta be so cold
Tell me anything about you I don't know
I don't know by now, know by now

Tell me how we're gonna make it last
You're ready to fly
I'm ready to crash
Don't go, yeah, don't go
