Deep six  
Come to bare  
Goodnight and take care  
Who knows  
Maybe our luck could change

Polyurethane  
People live in the rain  
Who knows  
Maybe our luck could change

And I don't know, I don't know  
I don't know where you think you are  
And I don't know, pretend to know  
I don't know where you think you are  
And I don't know, I don't know  
And I don't know where you think you are

Big crash  
Funny car  
Is where you've been  
Where you are  
Think fast  
And kill what you cannot change

Still though  
This is fun  
Find a box  
When I'm done  
Who knows  
Maybe our luck could change

And I don't know, I don't know  
I don't know where you think you are  
And I don't know, pretend to know  
I don't know where you think you are  
And I don't know, I don't know  
And I don't know where you think you are

Deep six  
Come to bare

It's midnight everywhere  
Who knows, who knows

Polyurethane  
People live in the rain  
Who knows  
Maybe our luck could change  
Maybe our luck could change

And I don't know, I don't know  
I don't know where you think you are  
And I don't know, pretend to know  
I don't know where you think you are  
And I don't know, I don't know  
And I don't know where you think you are
