I miss my head, miss my heart, miss my lungs
Be what you want to be
Watch what you want to see
Killed for fun
Down a hole, up a rope
Down some pills, up some hope
This karma machine only takes quarters
New age soldier, new age soldier

Everybody's alright
Everything is automatic
And everybody's alright
Everything is skin deep
Everybody's alright
Everything is automatic
Everybody's alright
And everything is skin deep, me

Say hey, say hey, say, how ya doing?
Say hey, say hey, say, how ya doing?

I miss my lazyboy
I miss my TV
I miss myself
Do you miss your lazyboy
Do you miss your TV
Do you miss yourself

Everybody's alright
Everything is automatic
And everybody's alright
Everything is skin deep
Everybody's alright
Everything is automatic
Everybody's alright
And everything is skin deep, me

It's always what I wanted
It's always what I wanted
It's always what I..

Killed for fun
It's fucking funny, don't you think?
One day you'll decompose
And you'll wake up and those
Those birds are singing...

It's always what I wanted
It's always what I wanted
It's always what I...
It's always what I...
And everything is skin deep
