Here we go !
FBI.
Here we go !
FBI

Here we go, here we go, yo don't you know,
You gotta get Dr No
Here we go, here we go, yo don't you run,
He's the man with the silver gun

Give it a space, mysterious places,
God should I stay, should I pray?
The man is the case, been creepin' around of ages
Waiting to get me, ready to catch me,
Can see the light in his eyes
He's the man I've been needing for ages, I realise

FBI
Fire is burning into, into my heart
FBI.
Fire is burning into my heart, this is vice FBI.
FBI
This is vice FBI
FBI
This is vice FBI

Here we go, here we go, yo don't you know...
Ready to get me, ready to catch me,
Cold in the heat of the night
Tell me why FBI is he comin' to hold me tight

Here we go, here we go, yo don't you know...
Your best friend, your secret agent,
He never ever tells a lie
He's coming down from the sky,
Cause it's the man from the FBI... FBI...
