Yeah yeah  
Yeah yeah yeah

I got a fear of flying on a plane  
Cause we got no say on how it ends up  
Well in my mind love's the very same way  
That's why I never give my heart to no one

I never take a chance  
On a love that lifts me off the ground  
Oh yeah (oh yeah)  
I came to Earth found things  
But I wanna spread my wings somehow somehow

I've got a fear of flying high  
But I'm prepare to spread my wings  
And it's all in my mind  
Love defies all gravity  
Voices in the wind  
I can hear them welcome me to fly  
Think I'm flying now, flying now, flying now

Listen  
I've been in love but I fell to fast  
I found myself in turbulent skies  
I felt the hurt when I crashed and burned  
Then I found myself with tears in my eyes

But when you look at me  
Something says it's gonna be alright, alright  
And all my fears I'll face  
Cause I think I'm gonna take this flight, oh

I've got a fear of flying high  
But I'm prepare to spread my wings  
And it's all in my mind  
Love defies all gravity  
Voices in the wind  
I can hear them welcome me to fly  
Think I'm flying now, flying now, flying now

Ooh suddenly, suddenly  
The other clouds is calling me  
And you're love to me is like therapy  
For my soul, so I'm ready to soar

Fear of flying high  
Spread my wings  
And it's all in my mind  
Love defies all gravity  
Voices in the wind  
I can hear them welcome me  
Think I'm flying now, flying now, flying now

Think I'm flying  
Think I'm, think I'm...

Think I'm flying  
Think I'm, think I'm...

Fear of flying high  
It's all in my mind  
Voices in the wind  
Think I'm flying now, flying now, flying now

Fear of flying high  
It's all in my mind  
Voices in the wind  
Think I'm flying now, flying now, flying now
