Boy this evening, was it only me
Feeling completely, down to be open
Down to be open
For some satisfaction
Didn't wanna say yes, hating your reaction
I knew it was wrong, for feeling this way
Especially the thought of giving in on the first date
Couldn't let go, it stayed on my mind
At the end of the night I had to decide
I was thinking!
I should make a move but I won't
I know your probably thinking something is wrong
Knowing if I do then it won't be right
I don't get down on the first night
I should make a move but I won't
I know your probably thinking something is wrong
Knowing if I do then it won't be right
I wanna get down but not the first night
We were chillin watchin your t.v.
Wanted to touch you, wanted to kiss you
And somehow in one night discover I love you

Felt so right but it felt so wrong

And look how we are carrying on

Trying to say things to get me to stay

But my watch tells me its getting to late

I'm thinking!

(Chorus)

If you want me

You got to know me

And if you want my love

You gotta wait my love

Baby, that's the way it's got to be

Get to know me so we can do this

(Chorus)
