They say it's not the money

You know it's not the money

Can you figure out what you want

What you need?

They try to pump it up, forget about the facts

Sometmes it hurts but it's never taken back

The left is right, the right is left

Oh yeah, I gotta get this thing right off my chest

(Chorus)

Black, white and grey what can you do

What can you say?

How can they fool us today?

Hold your head up high, laugh till you cry

How can they fool us today

2nd verse

Talkin' twenty-four, secen. we're losin' what we're
gettin'

They slap you down with a call from up above

It's a window to the world

A word to every man

Just gettin' it up, we'll all do what we can

They do it all for you, much better than the rest

Hey it's alright if you can pass the test

Repeat 1st chorus

Solo

It's all good new, we can buy and sell

Yeh! Don't stop now you can unring a bell

Chorus

Black, white and grey what can you do

What can you say?

How can they fool us today?

Hold your head up high, laugh till you cry

How can they fool us today

Catch the falling sky, we're all gonna die anyway

How can they fool us today?
