And then those Funny, Familiar, Forgotten Feelings
Started walking all over my mind
Last night, quietly, you walked through my mind
As I lay searching for sleep
Your hand reached out, you whispered my name
As you brushed a tear from my cheek
And then those Funny, Familiar, Forgotten Feelings
Started walking all over my mind

Well now I must go on, be strong
Though a million teardrops may fall
For those Funny, Familiar, Forgotten Feelings
Started walking all over my mind
