Gooby, lonely heart  
I've got a love it's gonna last forever  
Gooby, lonely heart  
I've got a love we're gonna stay together

I used to be very complicated  
Little things would veer upon my mind  
Didn't realize that I was lonely  
Told myself that everything was fine

Until the moment when you're in love again  
There's no fear and then  
You just let yourself go... oooh

Say we'll stay together  
It will last forever  
Sing about it from on high  
Say we'll stay together  
It will last forever  
Tell your lonely heart goodbye  
Goodbye

Friends told me long ago it was perplexing  
Seeing me so sad and all alone  
Didn't want no help from anybody  
Thought that I could make it on my own

Until the moment when you're in love again  
There's no fear and then  
You just let yourself go... oooh

Say we'll stay together  
It will last forever  
Sing about it from on high  
Say we'll stay together  
It will last forever  
Tell your lonely heart goodbye  
Goodbye

Everything I ever wanted  
I just couldn't leave you if I tried

Oh oh oh ask me where I'll be tomorrow  
I'll be standing right there by your side
