I tried to live without you
What a misery it turned out to be
Sorry for the times I doubted you
Can't seem to get nowhere 'less you're next to me
And everyday I wonder what it would be like
Just to see the one who's always by my side
Lookin out for you and I
I do my best to do right got to get to the way up high
Oh my lord, I can't wait to meetchu
Love the life I'm livin though I'm looking forward to the
day I die
Oh my lord, I can't wait to meetchu

So glad to have a love that's true
And I wanna thank you now for seeing me through
I'll never be the fool to go astray
Gonna stick with you always
And everyday I wonder what it would be like
Just to see the one who's always by my side
Lookin out for you and I
I do my best to do right got to get to the way up high
Oh my lord I can't wait to meetchu
Love the life I'm livin though I'm looking forward to the
day I die
Oh my lord, I can't wait to meetchu

I'll never be enough to give what you give me
But I could sing my heart out for you and tell everybody
All that he asks of us is only to believe
Disappear your low low lows and your woe woe woes
Just like that, it's a natural fact
I can't wait 'til he gets back

I do my best to do right got to get to the way up high
Oh my lord, I can't wait to meetchu
Love the life I'm livin though I'm looking forward to the
day I die
I can't wait to meetchu
I do my best to do right got to get to the way up high
I can't wait to meetchu
Love the life I'm livin though I'm looking forward to the

day I die
I can't wait to meetchu
Oh my lord, I can't wait to meetchu
