Gonna fly to Hawaii
Get laid in a lawn chair
Drown in a bath tub
Fill it with cheap beer
I miss new wave
And movies about losing
Or just the parts where it's okay
See baby I got something right

When the world is screaming
I miss new wave
And real intent

Gonna drive to L.A.
Get laid at the Rose Bowl
Drown in a hot tub
Fill it with models
I miss new wave
And hearing the scratches on my long-plays
Or just the parts that sound okay
See baby I got something right

When the world is screaming
I miss new wave
And real intent

Gonna die in Coquitlam
Get laid by a golf course
That I never went to
Well it's not a real sport
And I'll miss new wave
And watching you walk away
So go on, it's okay
See baby I got something right
See baby I got something right
See baby I got one thing right
