Can't live without you
(Can't live without you)
Can't live without you, baby
(Ohhh)
Can't live without you

I never wanna live without you baby
(No, I can't)
I wanna be your lady
Love is so amazing

I never wanna live without you baby
(Nooooooo)
I wanna be your lady
Love is so amazing

What is this feeling? I can't sleep at night
Just thinking 'bout being without you
Work 'til I'm tired and I can't eat a bite
Cause I know someday is only

I have the man that I want
I prayed so many nights for you
And then my prayers came true
Now that I have the answer,
I'll be wishing on a star
I'll follow you where you are

I don't wanna be alone
So baby let's stay together
Through any kind of weather, yeah
Let's make a happy home
Because you mean so much to me baby
That's why I wanna be your lady

(3x)

I don't wanna be alone
So baby let's stay together
Through any kind of weather
Let's make this a happy home

Because you mean so much to me baby
That's why I wanna be your lady

Baby, won't you stay with me a little while?
(Baby, won't you stay?)
Baby, won't you stay with me a little while?
(Stay with me for a little while)
Baby, won't you stay with me a little while?
(All I wanna know is...)
Baby, won't you stay with me a little while?
(...can you stay?)
Won't you stay with me?
I need you
Oh, I need you
I need your warm embrace
I need your sweet, sweet taste, baby
C'mon, c'mon
Stay with me
Stay, stay...
