I don't know how I'll get her off my mind - but give me  
time  
I'll think of something  
I can't say that I'm all right - but by tonight  
I'll think of something  
I'll find so many things to do that I won't have the time  
to think of her  
And then if she's still on my mind I'll try to drink enough  
to drown the hurt  
And if that don't work  
I'll think of something  
Where do I go for love that I still need - now that I'm  
free  
I'll think of something  
And if someday by accident we meet - and I can't  
speak  
I'll think of something  
If I can't say a word to her I'll blame it on this lump  
that's in my throat  
And standing there what will I do to hide my love  
enough that it won't show  
Well I don't know  
But I'll think of something
