It's been so long since we took the time  
to share words from deep inside us  
We're in our own world spinning our wheels  
but you know how I feel

Well since the first time I took your hand  
my love for you has just been growing  
You always seem to understand  
You know how I am

Chorus:

I'm gonna love you til the end  
I'm gonna be your very true friend  
I wanna share your ups and downs  
I'm gonna be around

When you're alone and I'm away  
don't be sad don't be afraid  
I'm gonna turn my thoughts to you  
like I always do

Chorus:

I'm gonna love you til the end  
I'm gonna be your very true friend...

Catch you when you fall  
Hold you when you're down  
Sharing every moment  
I wanna show you all I do  
I believe I've found a miracle  
in you

Chorus:

I'm gonna love you til the end  
I'm gonna be your very true friend...

But even though the cold from your still beating and  
even though the cold in your eyes makes me freeze all  
the time
