"Indie Queen"

She dreams about, the girl she used to be
She dreams about, someone else underneath the sheets
Well you can fly off to London with a coke and a smile
But give it 24 hours and 4000 miles and it's
All just another day away from one less day to cry

(chorus)

How do you feel about that
How do you like it when they touch your face
And turn the page
Tell me now just how you feel about that

She hangs around, the strangest kings and queens
She gets around, but it only gets her clean
Well all the after school specials of the days of your life
And all the anti-drug commercials as you're high as a kite
But it's all just another day away from one less day to cry

(chorus)

Every once in awhile, you should scream and let her
out into the light
Every once in awhile, you should tell yourself that it's
alright
