It's late at night and neither one of us is sleeping  
I can't imagine living my life after you're gone  
Wondering why so many questions have no answers  
I keep on searching for the reason why we went wrong

Where is our yesterday  
You and I could use it right now  
But if this is goodbye

Just take my heart when you go  
I don't have the need for it anymore  
I'll always love you, but you're hard to hold  
Just take my heart when you go

Here we are about to take the final step now  
I just can't fool myself, I know there's no turning back  
Face to face it's been endless conversation  
But when the love is gone you're left with nothing but  
talk

I'd give my everything  
If only I could turn you around  
But if this is goodbye

Just take my heart when you go  
I don't have the need for it anymore  
I'll always love you but you're hard to hold  
Just take my heart when you go
