Mm-hmm
If you call out loud
Will it get inside?
Through the heart of your surrender
To your alibis

And you can
Say the words
Like you understand
But the power's in believing
So give yourself a chance

Cuz you can Climb the highest mountain Swim the deepest sea-ee

All you need is the will to want it And a Little self-esteem

So keep the faith
Don't let nobody turn you round
You got to know when it's good to go
To get your dreams up off the ground

So keep the faith
Baby yeah
Because it's just a matter of time
Before your confidence will win out

Believe in yourself no matter what it's gonna take You can be a winner but you gotta keep the faith Gon' keep it brother You got

And when you think of trust Does it lead you home? To a place that you only dream of When you're all alone And you can go by feel
'Stead of circumstance
But the power's in believing
So give yourself a chance

I know that you can
Sail across the water
Float across the sky-i
Any road that you take will get you there
If you only try

So keep the faith Ow Don't let nobody take you down brother Just keep your eyes on the prize Feet flat on the ground

So keep the faith
Baby yeah
Because it's just a matter of time
Before your confidence will win out

I told my brother how to do the thing right
Lift up your head and show the world you got pride
Go for what you want
Don't let them get in your way
You can be a winner but you gotta
Keep the faith
Gon' keep it brother
You got

I know that keepin the faith Means never givin up on love But the power that love has Has to make it right Makes it Makes it right

So keep the faith
Don't let nobody turn you round brother
You got to know when it's good to go
Get your dreams up off of the ground

So keep the faith
Baby yeah
Because it's just a matter of time
Before your confidence will win out

Better stand up and act like you wanna do it right Don't play the fool for the rest of your life Work on it brother and you'll make it someday Go for what you want and don't forget the faith

Look at yourself and what your doin right now Stand back a minute just to check yourself out Straighten up your life and how your livin each day Get yourself together cuz you gotta keep the faith

Don't let nobody take you down brother Just keep your eyes on the prize Your feet flat on the ground

So keep the faith
Baby yeah
Because it's just a matter of time
Before your confidence will win out

Lift up your mind before your mind gets blown
Some things in life you're best just leave them alone
Go for what you want
Don't let it get in your way
You can make it happen but you gotta keep the faith
Gon' keep it brother
You got to keep the faith
Yeah keep the faith
Gon' keep it sista
You got to keep the faith

I told my brother how to do the thing right Lift up your head and show the world you got pride Go for what you want Don't let them get in your way You can be a winner if you keep the faith

Straighten out yourself and get your mind on track Dust off your butt and get your self-respect back You've know me long enough to know that I don't play Take it like you want it but you got to keep the faith Gon'

Don't let nobody take you down Just keep your eyes on the prize Your feet flat on the ground

So keep the faith
Baby yeah
Because it's just a matter of time
Before your confidence will win out
But till that day
I said you gotta keep the faith
