"Let It Rain"

Storm clouds rising flash of lightning rattles that ole
porch swing
Window open curtains dancing just you and me
As the thunder rolls on we'll just hold on neath the light
of this candle flame.
Oh this is perfect what a night let it rain

Let your love pour down down all around let it
Fill my heart let it flood this house
Let the world outside just wash on by we'll just lay right
here and hold on tight
Let it rain
Let it rain

Old man weather had it together when he planned this
night
From out of the blue he set the mood turned down the
lights
Just when we thought the storm was over here it comes
again
So lay back down in these arms let it rain

Let your love pour down down all around let it
Fill my heart let it flood this house
Let the world outside just wash on by we'll just lay right
here and hold on tight
Let it rain
Let it rain
