Now you're gone
I wonder why
You left me here
I think about it on again

I know you're never coming back
I hope that you can hear me
I'm waiting
To hear from you
Until I do

You're gone away
I'm left alone
A part of me is gone and I'm not
Movin on
So wait for me
I know the day will come

I'll meet you there
No matter where life takes me to
I'll meet you there
And even if I need you here
I'll meet you there

I wish I could have told you
The things I kept inside
But now I guess it's just too late

So many things remind me of you
I hope that you can hear me
I miss you
This is goodbye, one last time

You're gone away
I'm left alone
A part of me is gone and I'm not
Movin on
So wait for me
I know the day will come

I'll meet you there

No matter where life takes me to
I'll meet you there
And even if I need you here
I'll meet you there

I'll meet you there
No matter where life takes me to
I'll meet you there
And even if I need you here
I'll meet you there

I'll meet you there...

And where I go you'll be there w. me
Forever you'll be right here w. me

I'll meet you there
No matter where life takes me to
I'll meet you there
And even if I need you here
I'll meet you there

I'll meet you there
No matter where life takes me
I'll meet you there
And even if I need you
I'll meet you there

I'll meet you there
(I need you I need you)
I'll meet you there
(I need you I need you)
I'll meet you there
