Ain't got no action grip  
Don't come with a full compliment of weapons  
Get off your illin' tip  
I don't recognize  
Anybody from around here anymore

And I  
Don't wanna be  
Your punching bag

Are we losing?  
Are we middle class gangsters?

Wasn't looking at your girlfriend  
Didn't touch your Mustang  
When I was in the parking lot  
What don't you comprehend?  
Well I'll speak slowly if you're on something  
Or faster if you're not

And I  
Don't wanna be  
Your punching bag

Are we losing?  
Are we middle class gangsters

So put on British steel  
Curse today and how you're feeling  
Well everybody up and down my block  
They used to matter when we used to rock

And I  
Don't wanna be  
Your punching bag

Are we losing?  
Are we middle class gangsters
