Miracles happen, miracles happen
You showed me faith is not blind
I don't need wings to help me fly
Miracles happen, miracles happen

I can't imagine living my life without you now
Not ever having you around
We found our way out
(on you I can depend)
Don't have to look back to realize how far we've come
There are million reasons
I'm lookin up
I don't want this to end

Nothin
Nothin should ever bring you down
Knowing what goes around will come around

You showed me faith is not blind
I don't need wings to help me fly
Miracles happen, once in a while
When you believe
(miracles happen)
You showed me dreams come to light
That takin a chance on us was right
All things will come with a little time
When You believe

There is no question we found the missing pieces
Our picture is complete
It's fallen into place
(it's fallen into place)
This is out moment, you and I are looking up
Someone is watching over us
Keeping me close
Closer to you everyday

Nowhere
Nowhere on earth I'd rather be
No one can take this away from you and me

You showed me faith is not blind
I don't need wings to help me fly
Miracles happen, once in a while
When you believe
(miracles happen)
You showed me dreams come to light
That takin a chance on us was right
All things will come with a little time
When You believe

When you believe
The soul is a shining light
When you believe
The heart has the will to fight
You can do anything, don't be afraid
We're gonna find our way

You showed me faith is not blind
I don't need wings to help me fly
Miracles happen, once in a while
When you believe
(miracles happen)
You showed me dreams come to light
That takin a chace on us was right
All things will come with a little time
When You believe
