We make Mistakes when we worry  
All over nothing at all  
We make Mistakes that bring heartaches  
And the teardrops fall like raindrops  
We make Mistakes and feel sorry  
When we've made someone blue  
But I made the greatest Mistake of all  
When I said goodbye to you  
We make Mistakes when we worry  
All over nothing at all  
We make Mistakes that bring heartaches  
And the teardrops fall like raindrops  
We make Mistakes and feel sorry  
When we've made someone blue  
But I made the greatest Mistake of all  
When I said goodbye to you
