## Verse 1:

Baby, understand everything  
There's no one else in my life  
Maybe I can make you happy, baby  
If I spend some time with you  
Tell me baby, baby not to change  
I'm still in love with you  
Don't be afraid, let me hold your heart  
Control everything you do

## Chorus:

Baby, you know that I wouldn't do  
Couldn't do anything to hurt you  
But if you feel weak, don't you worry  
Cause I never can say goodbye  
Baby, you know that I couldn't do  
Wouldn't live my life without you  
But if you feel weak, don't you worry  
Cause I never can say goodbye

## Verse 2:

Ohh baby, if it's okay with you  
I'll do all that I can do  
To make this thing unbreakable  
And if you need me to  
I'll swim through the stars till I touch the moon  
Do anything baby just to get to you  
Won't be afraid to let you hold my heart  
Control everything I do

## Chorus

## Bridge:

Baby, if it's okay with you (if it's okay)  
I'll do anything that I can do (ooh)  
No one else can do it like you (oh yeah)  
I'll give my love and vow to you  
I'll will never leave you, that is true  
I'm a good woman, let me prove to you (let me prove it  
to you)  
If you feel weak, boy don't you worry

Cause I can never say goodbye
