No one  
Can live without love  
Don't you wanna be with me  
Setting you free  
Someone  
Will be the right one  
Who can give you love and trust  
And maybe it's me

I know what I wanna do  
Someday I will be with you  
I'll find what I'm searching for  
Freedom  
I know what I wanna do  
You don't need to feel so blue  
You'll find what you're searching for  
Freedom

I just wanna make ooh ooh  
And everything that I do-do  
I know it's gotta be you-you  
And I just wanna be hi-high  
I just wanna make Ooh Ooh  
And everything that I do-do  
Is gonna make you say Ooh Ooh  
I wanna make you feel high, high, high

Talking about love  
It's gonna be my love  
Come on take my heart and let your sorrows fade away  
I'm talking about love  
Lets get it together  
Come on make your mind up  
I need you  
I know that I want you

No one  
Can live without love  
I'm the one to ease your pain  
Setting you free

Hold on  
I'll be the right one  
I can give you love and trust  
Do it for me
