Hey, yeah yeah

You don't know what you've got

Till the love is almost gone

This time, yeah she's given up

Still in a state of shock

I should've seen it coming on

It's too late for waking up

Her mind's made up

I know the dream is over

But my heart just can't let go

She's too good to be forgotten

Too good to be true

Before my world is torn apart

I'll promise her the moon

I'll promise her the moon

I was too blind to notice her

Wrapped up in myself

Workin' hard overtime, night and day

I thought we were so secure

Can' imagine someone else

Could come between us

And take her away
Her mind's made up
I know the dream is over
But my heart just can't let go
She's too good to be forgotten
Too good to be true
Before my world is torn apart
I'll promise her the moon
I'll promise her the moon
And all the time she stood by me
I never said "I love you"
Yeah, I kept it deep down in my soul
And all the while I've been a fool
yeah, yeah yeah.
