"I kill myself  
I kill for god  
Waiting, leaving,  
I can't see your light  
I can't feel you..."

You see we've come to the end  
And I can't pretend we'll return anymore  
Do you see now where we've gone  
Can you understand can you feel it strong?  
I don't know where the answer lies  
We live by fear and die in denial  
Is this the final chance you have?  
Will you take it now, will make it last?

"Just rape my mind  
Make me believe it all  
I can't help your dead hands  
I am agonised by fear  
Punish me, scorn me  
Throw me into hell, I belong there  
and I won't die for you  
I can't die for you  
I'm already fucked, I'm already dead  
by the sins I've forsaken"

You burned in the fire of their heart's content  
and followed everywhere they went  
You won't believe this is your fate  
Until the day you fall from grace  
(You'll fall from grace...)

"Insert the cross  
into my bloody cunt  
I'm a slut for you  
and only for you  
Sodomized, victimised  
I can't be chastitised  
So fuck me, love me,

do me all over again  
Yeah take me to heaven,  
Take it like you never have  
And make me pure again."
