(Richard Marx/Keith Stegall)

I know sometimes this world's so unkind
And it's hard to find one true freind
When all of your dreams are scattered like leaves in
the wind
But trust me, don't ever doubt
I promise I won't let you down, just

Reach, reach, reach out to me
And I'll be there
All that you've got to do is
Reach, reach, reach out out your hand
I won't let you go
This love's ready to begin
The answer is just within your reach

I feel that I've known you long enough now
And I don't need to play childish games
So I say these words to you believin' they won't be in
vain
And someday we'll look back and laugh at all this
wasted time, baby

Reach, reach, reach out to me
And I'll be there
All that you've got to do is
Reach, reach, reach out your hand
I won't let go
This love is ready to begin
The answer is just within your reach

And you'll never wonder what you mean to me
This flame will always live on
And know every moment forever you'll be
The only one I'll ever want

Just reach, reach, reach out to me
And I'll be there
All that you've got to do is
Reach, reach, reach out your hand

I won't let go
This love's ready to begin
The answer is just within your reach

This love's ready to begin
The answer is just within your reach
