(Vs.1)

I've been searching for someone  
But never looked before my eyes  
There you were to my surprise  
It was so obvious looking into your face  
After playing a game of truth or dare  
I wanted to stay at your place  
I never thought that I  
Would fall in love with you  
But since the day we kissed  
I knew it had to be you  
I never thought we would be together  
I can't believe I just made love to you  
After all the things that we've been through  
Now what are we gonna do  
Ohh

(Chorus)

Monday, a friend of mine  
Tuesday, we played a game  
Wednesday, you went away  
Thursday, things weren't the same  
On Friday, you came back  
I wanted to kiss you  
On Saturday  
On Sunday we made love  
Now what are we gonna do

(Vs.2)

As much as I, I want you  
I don't wanna wreck a friend  
I've already found in you  
I've been there before  
And I can't ignore  
How two friends became one  
But walked away with none  
I cannot risk a friend  
But the love is so good  
I gotta make a choice  
I would if I could  
I never thought we would be together

How can I address you  
"Hey lover?", "Hi friend!"  
"How ya doin'?", "Where ya been?"  
I gotta make a choice

(Chorus)

(Guitar plays: George Benson)

On Sunday we made sweet sweet love  
Tuesday we played a game  
But Sunday we made love  
Now what are we gonna do?  
A friend of mine
