[Mr. Complex]

One of my hair-brained schemes is to  
Chase my shadows after,  
My smoking pipe, dreams it,  
Seems i got a fiends just,  
Forming up coats, i make it seam easy,  
Some beg to differ, coke if ya,  
Got time i'll show ya,  
With a rhyme and blow ya,  
Mining through ya,  
Hot head and spool ya,  
Like thread and fool ya,  
Like major look, off the major Steve Austin took his  
bionics  
Back to the for justin, federal soaking when I was not  
busting  
Im not joking, im not chris tucker, muthafucka, I'm  
provoking  
People I is see through, the cracks off the skulls  
With the, facts and the fiction, im like dynamite with  
Dynamic diction, man the way i be swinging it and  
swerving it  
And shit you'd feeling that you deserving  
Feelings that you deservin'  
Feelings that you deservin'  
Feelings that huh

Chorus: Mr. Complex

Do you got a minute, for me to get in it,  
To you got time to check this rhyme  
What you say, what, you want me to turn it up  
Its grabbig you it's stabbing you all in your mind

Do you got a minute, for me to get in it,  
To you got time to check this rhyme  
What you say, what, you want me to turn it up  
Its grabbig you it's stabbing you all in your mind

[Mr. Complex]

I'm mean, see I, cut you clean I dissolve your spleen

It go, --Sound effect??  
Partialary, the martial artist fury, fister??  
You're in the Mister, Mister Complex  
I'm so compelling, and ooh ooh ooh I'm telling  
I'ma drop a, dime in the rhyme, a penny in the well  
Shits you not, I'ma really tell  
I'ma drop a quarter in the water, it's a slaughter  
My skill levels way empty, your so low  
so slow, trickle down, you try to, no flow  
You waiting like a nickle, you end up in the jars  
with the counter with the pickle and pigs feet  
Then I switch the labels from the squid meat  
Yess I did heat the beat, but i was cool about it  
You like a pool with no agua, you like a fool without it  
You got the kids just jumping and then staying dry  
That's why the get mad kick you in the chin and poke  
you in the eye

Repeat Chorus twice

Half of the Chorus
