Calling all americans to war on the underworld

All I need is money and I'm getting that money tonight

Verse One: Lil' Fame

Let's take a slide through the ill side of town with this B
Boy

Watch out for Jake snakes and decoys

The streets keep you p noid

Everyday's a new game we do thangs for new thangs

This kid got stopped for like three G's and two chains

Yo, I know about these streets I was raised in

In my crib I heard villians outside blazin

Mad shots was poppin and, I see visions of droppin
men

Five minutes later some nigga was sprawled out on
Hopkinson

That's why this +Downtown Swinga+

Ruckus bringa be packin bangers

that make your whole shit out of clothes hangers

It's only one life to give in, get in where ya fit in

The fo'-fo' will cold push ya shit in

So keep ya gun breezed for fuckin with these New York
Desperadoes

We'll bust open your head like avocadoes

Heavy artillery in my facility

For you snake ass ones I stick to my gunz

Chorus:

Yo what up? Ain't nothin; is it real? Yeah son

What's todays mathematics nigga? Stick to ya gunz!

What's the word? Ain't nothin; is it real? Yeah son

What's todays knowledge of self? Stick to ya gunz!

Verse Two: Billy Danze

The most beautifulest thing in the world is a fo'-fo'

Findin ways to erase em, and blaze em in the grave
If it happen the squad's cappin, I'm in the mix
And i'd rather be touched by twelve, than laid by six
My kind, on the front line still standin
Mr. Billy Danze, and I'll work you with a mini cannon
Holdin it down it's the drama lord
So you riff, you be lift and laid stiff as a fuckin board
Firin squad, niggaz on the run
Get props from top notch niggaz that ill bill, stick to

So head for the hills, nigga cause when I get ill

Once I let the laser beams gleam and the red dots are

Your whole team is gettin blown to smithereens
