Push it in stick it out  
That ain't what it's all about

He wanna do something keen to you  
He wanna wrap his arms all around you girl  
He wanna shake it up shake it down  
Doing it right  
He wanna jump back half flap doing it right

He wanna lay you down  
Turn it up  
Kicking it loose  
He wanna fly high nigh high  
Baby for you'se

He wanna motormouth  
Float around  
Baby the back  
He wanna shake it up shake it down  
Moving round ha ha

Get the boy and make him wait  
Mother's preaching Abraham

Brothers they don't give a damn

He wanna wrap his arms all around you girl  
He wanna do it up keep it high  
Deep in the night  
He wanna eye ball  
Get hard  
Playing it right

He wanna turn the key  
Hurt the sheets  
Move to the left  
He wanna hot scrub  
Hot love  
Making it wet

He wanna give hot jump shot

He wanna time bar
