What am I gonna do
What am I gonna say
My love, my love, my love
I have to go away
What Im I gonna do
Where am I gonna stay
My love, my love, my love
Iâ´m leaving you today

I think weâ´re running out of time
The storyâ´s comming to an end
Shadows of the past will always follow me
I try to run, but noone can replace my baby
Feeling like a fool the only thing I see
My only love is far away from me

I think I'm running out of time
My life will never be the same
Stories of the past will always follow me
I try to run, but nothing can erase you baby
Feeling like a fool the only thing I see
My only love is disrespecting me

Gotta go gotta go...
