Yeah...yeah

Oh...oh...

Oh...

Listen

Boy, it's been a long time  
Since the last time I saw you  
Feels like nothin' changed  
Since we've been together  
I must admit that I go crazy for you

And I can see it in your eyes  
That there's somethin' you want to say to me  
'Cause usually right now  
You'll be holdin' on to me  
But instead you tell me

Things have changed, they're not the same  
And recently you found someone that you  
Decided to dedicate your whole life to  
And what we had is 'bout to be through

And baby, what hurts the most is letting go  
I just want you to know that I love you so  
I know things are different now, you've gone and  
settled down  
And I thought for sure you'd always wait me

I'll tell you what hurts the most is I should have  
took the chance  
Boy, when you came to me and offered me your hand  
Silly of me I thought I'll always have your heart  
I had the chance to love, oh, how I miss you

I hate that there is someone new  
Comin' in and takin' my place  
Doin' the things that we used to do  
And makin' love to you

And oh, what am I supposed to do  
It's killin' me 'cause I want you

And you should have known my love was true  
And there's no one else in this world but you

But things have changed, they're not the same  
And recently you found someone that you  
Decided to dedicate your whole life to  
And what we had is 'bout to be through

And baby, what hurts the most is letting go  
I just want you to know that I love you so  
But things are different now, you've gone and settled  
down  
And I thought for sure you'd always wait me

I'll tell you what hurts the most is I should have  
took a chance  
Boy, when you came to me and offered me your hand  
Silly of me I thought I'll always have your heart  
I had the chance to love, oh, how I miss you now

I know that I'm the one to blame for losing you, oh,  
yeah  
I really, really wish that I could be happy for you  
There's just one thing I need you to do  
Don't you touch her like you used to touch me  
Don't you love her like you really need me  
Don't you love her like you used to love me

And baby, what hurts the most is letting go  
I just want you to know that I love you so  
But things are different now, you've gone and settled  
down  
And I thought for sure you'd always wait me

I'll tell you what hurts the most is I should have  
took a chance  
Boy, when you came to me and offered me your hand  
Silly of me I thought I'll always have your heart  
I had the chance to love, oh, how I miss you

What hurts the most is letting go  
Just to let you know I love you so  
What hurts the most is letting go  
Just to let you know I love you so

What hurts the most
