[Jack Knight]

Yo, huh

Monifah and Jack Knight on the track (uh-huh)

Why ya'll do that for?

Shorty what you doing

Rolling with a real thug nigga like me

Baby, I'm from Brooklyn, but I hang out in VA a lot

Cuz down there, I here the business is hot

Mad chicks rolling small town kids with big city game

Sign up bad boy stuff we ain't never been the same

And if you want a dream would impress your luck

Cause I got more hits to bust, what the fuck?

[Monifah]

1 - What's the deal baby

You haven't paid these bills

And I ain't seen you lately

With all the lessons learned

You won't come home

And I think I can do better on my own

So what's the deal cutie

Things been on my mind

And I ain't seen you lately

With all the lessons learned

You won't come home

And I think I can do better on my own

I'm confused

I think that we both need to talk

Cause I feel used

Like those can-do's when it's no-more-doll

And all this time

Pretending like your love is really here

But in my mind

Your body and your soul is really there

2 - And I can feel it in the way you're holding me

Your love's been gone for days

Is there a reason why you're hurting me

It shouldn't be that way

Repeat 1

I'm so in love and so damn blind
My heart can't see
But is it true that you've been sleeping around on me
And all the joy I've brought you
When you gave me the pain
And I don't know if the kids even know your name

Repeat 2

Repeat 1

And when I need you
You wonder what to do babe
And you hurt would come over and over again
It's too bad that you can't see
I'm all you need, yeah

Oh, all you need
All you need, yes
Oh baby
You won't come home
You won't come home
What do you do
Uh, uh, uh

Repeat 1 til end of song
