It's been 3 days since I screamed and hung up on ya  
All I wanted was to hold you tight  
I'm sorry, baby, never meant to be mean to ya  
And I hope you call me back tonight

You're hesitating 'cause you don't want a love affair  
I promise, babe, it'll be alright  
Truth is all I'm doin' is missin' ya  
Thinkin' ever when I'm gonna see you

And baby, when I see ya  
I'm gonna love you all over the place  
And baby, when I see ya  
I'm gonna kiss you all over your face

Yeah, yeah  
Yeah, yeah

It's been 3 days since you screamed and hung up on  
me  
All you wanted was to hold me tight  
Now you're callin' to say, "Hey" and make up with me  
But I think I need a little more time

I'm hesitating 'cause I don't want a love affair  
And I want a love to be alright  
Truth is all I'm doin' is missin' ya  
Thinkin' ever when I'm gonna see you

And baby, when (When) I (I) see ya (See ya)  
I'm gonna love you all over the place  
And baby, when I see ya (I-I)  
I'm gonna kiss you all over your face

Yeah, yeah

Dance with me, love  
Peace and love with your hands ???  
Spread a little love all over my face  
When I see you

Yeah, baby  
Hey, baby  
I'm gonna  
I'm gonna love you all over the place

When I see ya (I'm gonna love you all over the place)  
I'm gonna love you all over the place (I'm gonna love  
you, yeah, baby)  
When I see ya  
I'm gonna kiss you all over your face

When I see ya (Yeah, yeah)  
I'm gonna love you all over the place (I'm gonna love  
you all over the place)  
When I see ya  
I'm gonna kiss you all over your face

Yeah, yeah
