Angels  
Smiling on my happiness  
Danger  
'Cause the scene is still a mess  
( We can all be blast )  
Don't stop just yet  
We' ve got the world looking in  
Our window  
Don't stop just yet  
We' ve got the world looking in  
Our window  
Spacecraft  
Spinning slowly out of sight  
Peace man  
Keep on chasing the wrong guy  
( We'll see eye to eye )  
Don't stop just yet  
We' ve got the world looking in  
Our window  
Don't stop just yet  
We' ve got the world looking in  
Our window  
We' ve got the world looking in  
Our window  
We' ve got the world looking in  
Our window  
Don't stop just yet  
We' ve got the world looking in  
Our window  
Don't stop just yet  
We' ve got the world looking in  
Our window
