You must believe,  
You must believe

(x2)  
You gotta believe  
Gotta believe, gotta believe in me  
You gotta believe in me  
(gotta believe me)  
That I won't never hurt you

I told you once before  
That I love you  
And I need you  
But let me tell you once again  
You were my closest friend  
I'll never leave you  
So hold me tight  
All through the night  
Caress me with your tender care  
Anytime or anywhere

Anytime, anywhere  
I will go with you anywhere  
(Please won't you trust me babe)  
Won't you trust in me baby  
Stay with me (stay, death do us part)  
Till death do us part  
You'll always be right in my heart  
Won't you please stay with me  
Baby please believe in me (please believe in me)

(x2)

Mary, Mary, I hear you loud and clear

Why don't you believe in me  
Tell me why you don't see  
That you can put your trust in me  
And let me lead the way  
Please baby take my hand  
I don't need another man

But if you wanna hold on tight  
You cannot be afraid

(x2)

Take Me boy by the hand (take me)  
Let me make you understand  
(Make you understand)  
That I can never let you down  
Baby just believe in me  
Take Me boy by the hand (take me)  
Let me make you understand  
(Make you understand)  
That I can never let you down  
Baby just believe in me

Please believe

(repeat until end)
