People unite and celebrate
No reason to fight
All living creatures hear the soothing
Future music easin' your plight
So unite and celebrate
No reason to fight
All living creatures hear the future EXPO
M-flo

We globally achievin' new heights
Innovative creative we made this
Exposition mission
Eliminated those seekin' to bite

Trifocals increasin' ya
Sight/ vocals release and ignite
Flo bright like a meteorite
Chops like Chubb Rock treatin' em right

Future music even tonight/ so
We can excite, the crowd leavin em hype
Computer love produces lucid dreamin' in fight

Pangalactic rhyming, keepin it tight
Planet shining seein' the light
Verbal, Taku, Lisa unite wish me & Bahamadia
freakin the mic/ like that!

Species of technology
Collaborate with human breed
Say we are one, yes we are one
Cosmic message in the breeze
Will free the world to unity
Say we are one, yes we are one

[repeat]

To cats who spit zirconium/ I vomit jewels
with supreme cut and clarity, audible/ tetra-sonical

Telescopic visions wandering from planet earth
We got media compatible with all machinery
Appropriately called the miracle with 1950's
aesthetics
Host of sick technology to shatter most
Obsolete ones, we pull stunts beyond your wisdom
Satellites to venture unknow solar systems

[Speaking in Japanese]

C-H-A-T-R [Speaking in Japanese]
High-tech's the way we are [Speaking in Japanese]
We on the vechicle, at large [Speaking in Japanese]
Shooting off to new stars[Speaking in Japanese]
Yo, it's about that time [Speaking in Japanese]
Yo, it's about that time [Speaking in Japanese]
Yo, it's about that time [Speaking in Japanese]
Yo, it's about that time [Speaking in Japanese]

Peep the architecture
Dwellings sectioned off with metallic textures
Even engineers failed to make predictions
Three o'one two viscous liquid silver condominiums
Transform to suit residents
State of the art/ to transport, we teleport
Instantaneously we send em off
Multi-dimensional/ incredible
Acceleration of velocity exponential
Electromagnetic motor
Aviation in collabo with Swiss Metro
Breakbeat overdrive, cold crash data
Roller-skating "S-1" Atom
Cataracts on photomicrographs
Particles compact/ Duration Studio
Is re-vamped enormous voltage back draft
Last century is brought back

Spit spectacular vernacular
Miraculous M-flo backing it up with
The changes stacking up, twenty-four bars of me
acting up
Illadel and Japan be like "ah"
Similar to the sound when you making love
Peep radius of vocal influx catering to thugs and to
Intellects/ EXPO EXPO banging
Like four-fours/ expose souls
Like Edgar Allan Poe/ sick live show you know
How Bahama' go/ freak speech techniques
From a long time ago/ break beat to techno
I get it in though/ making your head slow on
Some three triple o'/ next shit eclectic wit

Brain like computer chip
Esoteric logic infused in it
Data transmit past 64 bit
Transfixed in orbit metamorphosis
Got my MP3 file hot as August is
Download then burn 2 minidisc
Analyze, dissect, detect, process
Analyze, dissect, detect, process
