Hey, hey, hey

The fullest attempt in my intent is to let you know what  
is important

My existence is militant cause my content bangs like  
it's potent

Distant to the pollutant, never hesitant, always  
consistent

I back it up, yeah I'm very blatant

Don't try to copy this cause I patent

Runnin on the streets causing tensions

Running through, running through, running through

Runnin on the streets causing tensions

Hey, hey, hey - attention!

Hey, hey, hey - attention!

Got to see my life from a distance

For instance, my friends say I act tense

I'm a refugee from a yellow brick tent

Past TENT present TENT and future TENT Our? is a long  
walk like a sentence And it's intent breaches it's instinct

We go the distance to presidents

Throw attention about my tent

Things fall on my head like we're mutant

So don't drop that ball on that

We're aliens but we're not mutant

We tent after tent - a camp tent

There's 36 chambers in my Wu tent

We slang tent in...

While you dancing in your Louboutent

We be makin tent, out ya curtent
