Chorus

(Verse)

subtract them bustas like in mathamatics
I sta factics with shysters blown away
with automatics
how long will it be before society to get the picture
ain't no victory out here trying to be the
bigger figure
making valable plenty charge for a grave digger
is it a reason or do we know?
the sensors tell us part of the story to keep us slow
know I tell through the ? the gate is now and order
I thought I saw a camera and damage the tape
recorder
castin spells like tells from the suave side
where that nigg@ been through hell he might as well
listen \$hit straight you mind yours I mind mine
ain't no meanin me to be walkin the fine line
you get zapped from the powers from pipppin form
deep within
so take it as a lesson you will never be weak again

if you ever want to get out of place
I make space
we routy mo f*ckas who ran the wrong race

(Chorus till song goes off)
