Turn the TV on, don't touch that dial  
Watch the video's, on the latest styles  
Smash or trash, just 95 cents a call  
Get your fix, fix your head, right said Fred  
Real worlds, comin' through just for you  
Top ten, comin' through just for you  
Our voice, comin' through just for you

Pledge your faith  
The tunes are blastin'  
The atest fashion  
Watch the ratings soar  
As morals come down crashing  
We're the demigods

And we're here to stay

On empty V..U.S.A.

The T.V.'s on and uncle Tom is watching, just for you  
Made his fame from buttheads name  
Thanks too the likes of you  
Cobain is dead, but not for long  
We got his ass unplugged, pardon the pun  
Real worlds comin' through just for you  
Top ten comin' through just for you  
Our voice comin' through just for you

Empty visions, Empty V
