Someone called for the doctor  
Got your cure on the tip of my tongue  
Call me God of Thunder  
You wanted the best, so here I come

We hit the stage, play all the hits  
The place is packed, there's nowhere to sit  
You scream for more, we rock the crowd  
Let's hear it, shout it out loud!

Get ready! - ooh yeah!  
Are you ready? - ooh yeah!  
So get ready! - ooh yeah!  
Get up! - get down! - get ready!

Turn it up, make it hotter than hell  
The army's here, let's hear you all yell  
You love it loud, we love it loud too  
Let me hear you! - Do it!

Get ready! .....
